ACCOMMODATION

Can I/we decide which bed(s)?

Our Centre Manager will allocate the residential rooms and students are separated accordingly.

What type of accommodation is available in Ardingly College?

There are different buildings with a mixture of twin, triple, quad and multi-bedded rooms (dorms) available.

Please note that during high season we will be very busy, and as you can understand, we cannot guarantee that all rooming requests will be met, although we will do our utmost to satisfy your client's needs.

LAUNDRY

How and how often are clothes cleaned?

Laundry will be done weekly but not for the first week. Therefore students must bring enough clean clothes for at least one week.

Students will be given laundry bags and it is their responsibility to put their dirty clothes in the bags provided. We highly recommend that students have name labels on their clothes in order to facilitate an efficient laundry service.

***** Twin Group will not be liable for any loss or damage to clothing*****

MEALS

What is the food like?

3 meals per day will be provided. Students may be provided with packed lunches on certain days; e.g. on full day excursions. There will usually be a BBQ on a Saturday evening.

Please see Sample Menu in downloads.

What time are the meals?

Students will be advised of the time of meals. Please make sure you eat in the times given. Twin is not the only school on the campus so other schools will have different times to eat to try to avoid long queues. Food in the UK might be very different from what students are used to but all our meals are well balanced, generous with plenty of choice for everyone. Students should be encouraged to try everything with an open mind.

What about students with special diets?

Please note: that we can cater for most special diets only on request 14 days before the student arrives.

CLEANING

How often are the rooms cleaned?

Rooms are cleaned and bed linen changed weekly. In order to ensure the room is thoroughly cleaned make sure that there are **no clothes/belongings on the floor** and all rubbish is deposited in the bins provided. Students are expected to keep their room tidy.

Common areas are cleaned daily. Students are reminded to use the provided bins for rubbish at all times.

TOWELS

Please note that towels are not provided so students will need to bring their own towels.

SAFETY

Ardingly college is next to a busy road. Students should not cross this road unless they absolutely need to for an activity. Whenever possible, students should wait for a member of staff to cross the road with them. Students should always **look right, then left, then right again** when crossing the road in the UK as cars drive on the left.
